

School Council Meeting Minutes

<i>Date of meeting</i>	29.03.19
<i>Apologies (who couldn't be at the meeting)</i>	Summer, Rupert, Maggie
<i>Agenda Discussion (what we talked about)</i>	Mind map of ideas - What Harnham Junior School does well in regard to looking after our environment and what could we improve? Ideas included: We are good at bringing healthy snacks, which reduces litter. Eco Reps could pick up litter. It was agreed that the recycling bins get confused with the rubbish bins. It was suggested that we could make posters to go on the bins so we don't get muddled up. Each class will have 1 Eco Rep to check lights are turned off, windows and doors closed in winter, rubbish picked up and recycling is being done correctly.
<i>Actions (what we need to do next)</i>	Elect class Eco Reps and prepare them for the following roles: turning off lights, windows and doors closed in winter, rubbish picked up and overseeing recycling in class. School Council to redesign recycling bins with posters.
<i>A.O.B - Any Other Business (anything else)</i>
